

# The School of Choice/ l'Ecole de Choix

## ABOUT STUDENT SPONSORSHIPS

**OUR MISSION:** To partner with Haitians to educate and develop Haitian youth to lead their communities, Haiti and the world.

### The Choix Sponsorship Program

Students thrive in Choix's academic, social and physical environment for a variety of reasons, including a highly prepared teaching staff, our health and wellness regime, a holistic and integrated athletics program, our nutritional meal program, and after school extra-curriculars.

The Sponsorship Program links a Choix student with a sponsor through our **online sponsorship portal**.

### The Value of Sponsorship to our Students

Sponsorships have profound significance to our students and are one of the most worthwhile investments someone can make in our program.

Sponsorships let students know that someone, somewhere is rooting for them and following their progress, inspiring them to be the best they can be. When our students know that someone outside of our small community is thinking of them, it can offer a meaningful boost to their morale.

**Impact.** We see a difference in our students' performance – when they know that they are sponsored, they work harder, they reach higher. They know they matter.

### Sponsoring a Student

Our online portal is your point of contact with your sponsored student. Updates and photos are posted periodically allowing you to follow progress and milestones. If you choose, you have the option to send messages to your sponsored student through the portal, and she or he will reply! The extent of your communication is entirely up to you.

### Your Impact

*Sponsorships are available at two levels: \$2,400 per year (or \$200/month) and \$360 per year (or \$30/month).*

*The first level of sponsorship partially covers our costs to educate a student on an annual basis, allowing us to provide access to a life-changing education.*

*The second level is equivalent to our cost to cover a single student's vital health and nutrition needs, per year.*

*Contributing to the education of a Choix student is a forever investment in a child, a family, a community and a country. We are deeply grateful to all of our contributors for their generosity in partnering with our students.*

#### January 2018

- 99** Students sponsored
- 68** Students awaiting sponsors

*"I am proud to be a Choix student sponsor. Sponsoring a Choix student is so gratifying. Knowing that you're making a difference – in a country like Haiti, where far too many children lack access to quality education, Choix brings hope through learning."*

**ACT NOW: SPONSOR A CHOIX STUDENT OR OTHERWISE CONTRIBUTE.**

Join us! Invest in education and break the cycle of poverty for families, communities and for Haiti.
